## PREFACE

25X1

This Mission Coverage Index (MCI) furnishes a listing of items of intelligence interest covered by aerial photography from  Mission 3206, dated 27 December 1962. Items in this listing are arranged by country and within the country by WAC area. Items are arranged within a WAC by coordinates reading from south to north and from west to east. An explanation of column headings and photo reference data used in presenting the information is contained in the appendix.

For convenience of the user, a subject index to the intelligence targets has been included following the listing. Targets in the subject index are listed (1) by category, (2) alphabetically by country within the category, and (3) alphabetically by place name within each country.

The user of this MCI is cautioned that the scan of photography from Mission 3206 was accomplished in a relatively short time and often without the aid of precise analytical and mensural equipment commonly employed in detailed photographic analysis. Consequently, although this information is essentially accurate, future detailed analysis may somewhat alter portions of the information.

Mission 3206 covers portions of North Vietnam, China, and Laos.

200 X 25 FT AT 21-51N 101-24E, AND DECK-TYPE BRIDGE APPROXIMATELY 85 X 15 FT AT 21-43N 101-23E. A FERRY WAS ALSO NOTED JUST WEST OF BRIDGE ON LO-SO CHIANG. THREE NM SE OF MENG-PENG A BRANCH ROAD UNDER CONSTRUCTION BEGINS FROM THE SOUTH BANK OF THE NAN-LA HO (RIVER) (21-24N 101-21E). ROAD EXTENDS SOUTH APPROXIMATELY 5 NM CROSSING THE NAN-MANG HO (RIVER) WITH CONSTRUCTION STOPPING AT A SMALL TOWN (21-19N 101-19E). ROAD IS APPROXIMATELY 8 FT WIDE AND APPEARS TO BE NATURAL SURFACE.				
MENG-LA MILITARY AREA MILITARY CAMPS AND STORAGE AREAS LOCATED JUST WEST OF MENG-LA ON NEW ROAD LEADING NW TOWARD CHE-LI AND SSU-MAO. APPROXIMATELY 225 BARRACKS/STORAGE/SUPPORT-TYPE BUILDINGS IN AREA.	2128N 10134E	0616		15-B
MENG-LA TO LAOTIAN BORDER ROAD EAST FROM MENG-PENG TO MENG-LA HIGHWAY (21-26N 101-34E). HIGHWAY CROSSES THE CHINA-LAOS BORDER AT 21-26N 101-46E, THEN EXTENDS NE TO BOUN-NEUA AT 21-38N 101-55E. FROM THIS POINT IT EXTENDS GENERALLY SE INTO LAOS. OBLIQUITY AND POOR MAPS PRECLUDE DETERMINATION OF ALIGNMENT FROM THIS POINT. APPEARS TO BE GRAVEL SURFACE HIGHWAY IN GOOD CONDITION WITH AVERAGE WIDTH OF APPROXIMATELY 15 FT. MAJOR BRIDGE (DECK-TYPE, APPROXIMATELY 225 X 25 FT) CROSSES THE MAN-LA HO (RIVER) AT 21-26N 101-34E.	2128N 10134E	0616		15-C

APPENDIX  
EXPLANATION OF COLUMN HEADINGS  
AND PHOTO REFERENCES

City, Installation -- This column contains the name of the city or town nearest the installation, followed by the name of the installation. If the name of the installation is not known, it is titled according to its function. The city and installation names are followed by a capsule description, where appropriate.

Coordinates -- Coordinates are referenced to the SW corner of the minute square. When the subject installation covers a wide area, coordinates are given for the approximate center of the installation.

WAC -- This column provides the World Aeronautical Chart number for the area in which the subject installation lies.

Installation Numbers -- The installation Numbers column is divided into two subcolumns. The first subcolumn lists, when known, the BE installation number assigned to the target. The second column lists the installation number assigned by NPIC. Installation numbers, when used to reference an item, should be prefixed by the appropriate WAC number, since the installation numbers are repeated from WAC to WAC. For example, there is an NPIC target numbered 0289-1 and an NPIC target numbered 0290-1. In each instance, the NPIC installation number is 1, but the installations appear on different WACs.

The photo reference indicates frame(s) on which the target appears, and conditions which affect interpretation of the target.
